

Master Breacher

The aim of this course is to train military special operation forces in all facets of breaching from basic to advanced. Students will learn the skills necessary to perform basic to heavy breaching techniques in support of unit operations.

This ten day course focuses on hands-on, practical exercises to develop expertise in ballistic, mechanical, thermal, and explosive entry.

Class Size: 8-24
Restrictions: LE and Military
Duration: 10 Days
Location: OSTC, West Memphis, AR
Cost: \$4250.00
